**1. TRADING UPDATE**

Shareholders of NWK Holdings (“**Shareholders**”) are hereby advised that a reasonable degree of certainty exists that for the financial year ended 30 April 2022, NWK Holdings and its subsidiaries (“the **Group**”) will report materially higher profit after tax and earnings per share (“**EPS**”), when compared to the previous comparative period.

An increase in profit after tax is expected to be between 55% to 60% higher, with EPS expected to be between 55% to 60% higher than the previous comparative period (being the financial year ended 30 April 2021).

These favourable results have been achieved *inter alia* due to:

- successful implementation of the Group’s strategy; and
- the turnaround of previously non-profitable operations.
