CHAPTER 2: GENERAL REQUIREMENTS AND THE LISTING PROCESS

Objectives

The CTSE exchange licence enables CTSE to provide for the Listing, trading, clearing and settlement of Debt Securities in a transparent, efficient and orderly market place and to regulate same accordingly. These Debt Listing Requirements reflect, *inter alia*, the Requirements and procedures governing applications for Listing and the continuing obligations of Applicant Issuers.

General Principles

- 2.1 These Debt Listing Requirements are designed to ensure a high level of Investor protection and that Investors have and can maintain confidence in the market and in particular that:
 - 2.1.1 a stable financial market environment is maintained;
 - 2.1.2 the Debt Securities for which application for Listing has been made are suitable for Listing;
 - 2.1.3 the issue and marketing of Debt Securities is conducted in a fair, efficient and orderly manner;
 - 2.1.4 Regulated Persons and Investors are given sufficient and accurate information to enable them to make a properly informed assessment of an Applicant Issuer and of the Debt Securities, such that they are protected;
 - 2.1.5 once a Listing has been granted, there is sufficient, equal and timeous disclosure of information to Investors and the public to ensure that they are kept fully informed by Listed Applicant Issuers of all factors which might affect their interests and in particular that Immediate disclosure is made on any information which might reasonably be expected to have a Material effect on market activity in, and the prices of Listed Debt Securities;
 - 2.1.6 all Holders of Listed Debt Securities are treated fairly and equally;
 - 2.1.7 Directors of a Listed Applicant Issuer act in the interest of its Holders of Debt Securities as a whole; and
 - 2.1.8 Holders of Debt Securities are given adequate opportunity to consider in advance and vote upon major changes in the Applicant Issuer's business operations and matters of importance concerning the Applicant Issuer's management and MOI.
- 2.2 These Debt Listing Requirements are not exhaustive and CTSE may impose additional requirements or make Listing subject to special conditions whenever it considers it appropriate (see Requirement 5.7).
- 2.3 In the case of New Applicants, CTSE may waive the requirement to comply or partly comply with these Debt Listing Requirements, provided prior approval has been obtained from the IRC and where the decision to waive relates to information otherwise required to be disclosed in the Placing Documents, CTSE shall require the Applicant Issuer to include a statement in relation to any such decision in the Placing Documents.
- 2.4 Suitability for Listing depends on various factors. Applicant Issuers should appreciate that compliance with these Debt Listing Requirements may not in itself ensure an Applicant Issuer's suitability for Listing. - 3.21 CTSE may, subject to the suspension provisions of section 12 of the FMA, CTSE may at any time, with the approval of the IRC, suspend Dealings in any Debt Securities of an Applicant Issuer from the List or the registration of a Placing Document if one of the following applies:
